

Technical drawing of a road intersection. The drawing shows a four-way intersection with a central vertical road and a horizontal road crossing it. The vertical road has a speed limit of 30Km/h at both the top and bottom. The horizontal road has a speed limit of 40Km/h on both the left and right sides. The intersection is marked with a red square and a red circle. Dimensions are given: 26.3m for the vertical distance from the intersection to the top road, and 25.4m for the horizontal distance from the intersection to the right road. A north arrow is located in the top right corner. The text "至 府中市" (to Fuchu City) is on the left and "至 福山" (to Fuyama) is on the right.
