

至 南観音3丁目

至 南観音橋

Technical drawing of a street intersection showing utility poles, manholes, and road markings. The drawing includes labels for '歩道' (sidewalk), '路側帯' (roadside strip), and '中電柱' (medium pole). It also shows dimensions for poles and manholes, and a north arrow.

Flow diagram for the intersection of Nishikubo 3-chome and Nishikubo Bridge. The diagram shows pedestrian paths from both directions, with 7.0m crossing distances and no pedestrian signals. A north arrow is also present.
